

## Sustainable Practices

*“Bring bigger ideas and smaller footprints together delivering value through sustainability”*

As a core philosophy of our institution and patrons, we believe in co-existence and make endeavour to preach and practice the spirit of sustainability. Students as young generation are torchbearers of embedding sustainable practices in place. Our curriculum is mapped with specific learning outcomes embedding environmental concerns and their sustainable solutions.

### Green initiatives:

- Lush Green Campus and Eco-friendly Plantations-10,000 saplings planted with 75% survival
- Paperless Working and Communication
- Installation of Solar Panels
- Rain Water Harvesting
- Propagation of 3R's
- Wet and Dry Waste Segregation
- Energy conservation and green energy adoption.
- Thursdays declared as **‘No Fuel Driven Vehicle Day’** to support PCRA
