

O.P. Jindal school lays great emphasis on co-curricular activities for the complete development of the child's personality. Activities are designed to succeed in the coming millennium. Activities such as clubs, camps, house system, life skill education, assemblies, counselling sessions, workshops encourages personality development and draw out creativity and talents and provide opportunities for leadership and character building. Inter House literary, cultural and sports competitions are held regularly and the students of the six houses compete with each other with fervour and zeal. We help the students to shape their future in becoming future leaders. Students are encouraged to develop leadership qualities in all areas in their life. The wide range of activities available at school helps students to be passionate and build confidence.
