

Dr. Sanjay Mukherjee has more than two decades of experience of teaching Mathematics. He has completed his Ph.D in field of Mathematics on the topic ‘Some problems on degree of approximation related to ‘summability means’. At present, he is working as the Coordinator of Senior Wing (XI and XII). He ensures the general supervision of classes XI and XII as well as the academic progress and other related aspects like subject allocation, remedial teaching, special classes, practical examinations and preparation for IIT /NEET etc. He is actively involved in the overall academic planning of the Senior Wing. His portfolio also includes taking measures for the talent management of the students. He works with different subject teachers to achieve the set goals of our school. He is actively engaged in benchmarking academic standards of Senior Wing as per the best at the national and international level. His sense of discipline, passion and dedication for his work towards achieving the excellence are his important traits. His general amiable behaviour, maturity in handling the situations and his leadership qualities add to his outstanding personality. He believes in creating opportunities for the students and bringing out the best in them through dedicated team efforts and educational innovations.
