Dear Students,

Do you know?

National Reading Day 2024 is celebrated on 19th June all across the country to honour the works of Puthuvayil Narayana Panicker who is often referred to as the 'Father of India's Library

Movement'. It is in this connection that one must understand the legacy of P. N. Panicker, a great teacher and educationist of Kerala, who unconditionally strived for the cause of educating and writing for India till his last days. He firmly believed that reading and becoming enlightened through books formed the bedrock of individual and social transformation. He was involved in the provision of the first public library in the region of Kerala in 1945 and later became the leader of the library movement in the region. To pay homage to his tireless efforts to enhance the importance and practice of reading and education, the Indian government passed a law and marked June 19th as National Reading Day in 1996. It is celebrated across the country by encouraging people to read books and engage themselves in any form of reading.

Let us DEAR (Drop Everything and Read)

'Drop Everything and Read' is a great way to create fun and excitement around reading for pleasure. It sends a message that reading for pleasure is important, and something everyone should make time for. So whenever you are free today, take some time out to choose a book (it can be the one other than your text books), newspaper, magazine or journal available at home, find a quiet corner and start reading for some time. You should continue doing it every day out of your interest.

***Always remember...
Today's Reader is a

Happy Reading!
