From the desk of the Principal

Dear Students/Parents,

Progression of efforts must be the nucleus to achieve laurels in any field. It is exigent that in this ever-evolving and ever-growing world with countless opportunities and prospects, our pupils must be able to make informed choices and decisions. Gone are the days when education was restricted to the four walls of the classroom, it has broadened its horizon and become inestimable and unbounded. It is therefore, critical for us to give students a rostrum for experiential learning and to explore the potentialities of their minds.

It is said that children must be taught how to think and not what to think. Our children will be able to desiderate a secured platform for themselves only when they create something that cannot be replicated by machines. We at OPJS Raigarh, foster and stimulate our responsibilities to become a core centre for quality, excellence and the spindle of transformation.

Creative expressions need a plethora of pedestals and our e-Newsletter provides that. The sacred sanctum sanctorum is the home of all that happens in the periphery of O.P. Jindal School, Raigarh on a regular basis. It is the compilation of all such activities undertaken by our school. This is a platform for the expression of students' creative aspects. Hope you all will appreciate the sincere efforts of our school in creating better learning opportunities for our students.

Keep reading and growing!

Best wishes!

R. K. Trivedi
Principal
