## From the desk of the Principal

**Dear Students/Parents,**

OPJS-Raigarh always endeavours and tries its best to foster different facets of a student in order to see him/her as vibrant student, responsible citizen and above all a generous and compassionate human being. Our pedagogy is child centric, with emphasis on the overall growth and development of our students. We provide a stimulating and vibrant atmosphere in the school so that our students feel at home and learn something every day and lead the society later in their respective fields. The school is committed to instil the values amongst the students without compromising their scientific temperament and questioning spirit. Not only academics but also the physical, emotional, intellectual and spiritual growths of the students are our prime concern. Accordingly we try to create an atmosphere that is happy and nurturing. Our school includes co-curricular activities with academic curriculum so that students develop skills beyond knowledge of subjects. Co-curricular activities also help bring out the creative sides of the students. We try to create opportunities for everyone. Students must come forward to grab the same for the all-round development of their personality.

The Snippets of Art Work, 'The Canvas' is more than just a collection of artwork; it's a window into the vibrant soul of our school. It's a celebration of the unique perspectives, the boundless imaginations, and the unwavering spirit of our students. We invite you to explore these pages and discover the extraordinary talents that reside within the walls of O.P. Jindal School, Raigarh.

Welcome to our latest edition of the school's e-Newsletter dedicated to Art & Craft Activities!

Best wishes!

## From the Editor's Pen.....

The pages of The Jindal Jyoti unfold like a vibrant tapestry, woven with the threads of ingenuity and imagination that define our school. This newsletter is a testament to the diverse talents that flourish within the walls of O. P. Jindal School, Raigarh.

Within these pages, you'll encounter a kaleidoscope of artistic expressions. From the meticulous strokes of a still life to the bold abstractions of pictorial compositions, our students have channelled their creativity into a myriad of forms. The intricate details of a bird study reveal a keen observation of nature, while the futuristic visions of artificial intelligence offer a glimpse into the minds of tomorrow's innovators.

These artworks, born from the fertile ground of our classrooms and studios, reflect the dedication and passion of our young artists. They serve as a reminder that creativity is not just a skill to be honed, but a vital part of who we are as individuals and as a community.

At O. P. Jindal School, Raigarh we recognize the importance of fostering holistic development in our students, as emphasized by the Central Board of Secondary Education (CBSE). We strive to create a nurturing environment that extends beyond academic excellence, cultivating essential life skills, values, and emotional intelligence. Our curriculum is carefully designed to integrate the CBSE's core principles of holistic development, including physical education, art, music, and community service. By embracing this comprehensive approach, we empower our students to grow into well-rounded, compassionate, and responsible individuals, equipped to thrive in an ever-changing world.

Let us witness the immersive experience by delving deep into the magic of art.
