Experience of Recognition of International Dimensions in School (RIDS) Coordinator

- **Curriculum Development:** Spearheaded the integration of international perspectives into the curriculum, ensuring that global issues such as sustainability, human rights, and cultural diversity were embedded across subjects.
- **International Partnerships & Collaborations:** Established and maintained partnerships with international schools, NGOs and cultural organizations, organizing collaborative projects, exchange programs, and virtual learning experiences for students and staff.
- **Cultural Awareness Initiatives:** Organized school-wide events like International Week, cultural exhibitions, and guest speaker sessions to promote intercultural understanding and celebrate global diversity.
- **Student Exchange & Global Programs:** Coordinated and managed study tours, competitions, enhancing students' global awareness and providing opportunities for cultural immersion.
- **Professional Development for Staff:** Facilitated workshops and training sessions for teachers on global education practices, cross-cultural teaching strategies, and promoting international perspectives in the classroom.
- **Promoting Global Citizenship:** Led initiatives focused on developing students' sense of global citizenship through projects, campaigns/drives, and sustainability efforts aligned with the United Nations' Sustainable Development Goals (SDGs).
- **Evaluation & Reporting:** Monitored the success of international initiatives, gathering feedback from students, staff, and external partners, and provided detailed reports to school leadership for continuous improvement.

This experience demonstrates my ability to lead and enhance the international dimension of school life, fostering a globally connected and culturally inclusive educational environment.
