## Q1. Read the given passage and answer the questions that follow.

Once upon a time, there was a friendly dolphin named Danny. He lived in the deep blue sea and loved swimming and playing with his friends. One sunny morning, Danny saw a group of children on a boat. They were excited to see dolphins. Danny swam closer to them and jumped out of the water to say 'hello'. The children clapped and cheered.

The children threw some fish for him, which he happily ate. He played with them, swam with their boat and splashed water. When it was time for the children to go home, they said 'goodbye' to Danny. He waved his wing at them. Danny was happy to make new friends. From that day on, Danny and the children would often meet at the sea and they became best friends.
