

**UNITED SCHOOLS ORGANISATION OF INDIA**

**O.P.JINDAL  
SCHOOL  
RAIGARH, CG**

The USO (United Schools Organisation) Club is a dynamic initiative by the USO aimed at fostering student engagement through interactive activities, competitions, and leadership opportunities. It provides a platform for students to develop essential skills, participate in national and global discussions, and contribute to meaningful initiatives. Schools play a key role in facilitating the club, encouraging student participation, and sharing their achievements.

Through competitions, awareness programs, and hands-on experiences, students explore national and global issues while developing critical thinking and creativity. Schools facilitate the club by organizing activities, encouraging participation, and fostering a spirit of collaboration. The USO Club aims to nurture informed, responsible, and proactive young individuals ready to contribute to society.

### **PURPOSE & VISION OF THE USO CLUB**

The USO Club aims to strengthen school engagement by encouraging active co-curricular participation and collaboration throughout the academic year. It is designed to nurture leadership, teamwork, and a sense of responsibility among students while fostering meaningful teacher-student partnerships. Through structured activities and rewards, the Club celebrates outstanding contributions and inspires schools to play an active role in national development and social causes, reinforcing the values of community service and global citizenship.

## ACTIVITIES OF USO CLUB

- **USO National Tests:** Enrol at least **500** students annually.
- **USO Flagship Programs:** Participate in **any one** of these USO programs:
